- Originally from a Dutch vehicle with registration number AB-92-62

This Scania L8046-BEK Vabis tipper from 1968 is in original and good condition. The L series was the last generation of Scania trucks with the distinctive nose. Despite this transition, the L models remained in production for many years. The robust L-series trucks were popular in road construction, sand and gravel transport. Many of these trucks easily exceeded one million kilometers, contributing to the Scania reputation for durability.
